TALK Updates

New resources We created a [pdf](#) and a [short video](#) overview of our recent presentation with eight easy steps to successfully launch TALK in your community. Find them both in the MCLS toolkit folder.

New service terms We added a service terms agreement. Beginning September 22, when you log into your MCLS account, you'll see a short contract specifying what should be included in your TALK messages and a reminder to keep user data confidential. Please read and agree by checking the box. It's a one time request to make sure we're all on the same page. Email if you have questions: talk@ypsilibrary.org. Thank you!

Zoom Trainings Fill out this [short survey](#) to let us know if you are interested in attending a TALK training or having us help libraries in your area work together.

Tip of the Month Open the attached pdf to find the tip of the month. Watch for a newsletter each month with a new tip!

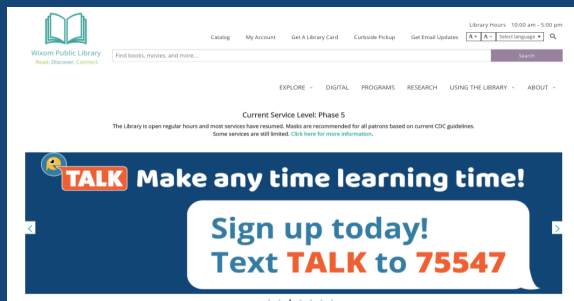

Thanks for being part of TALK,
Jodi and Slava
